Bring this form to Course Selection on February 6th

# Grade 9 Elective List

The Ministry of Education requires students in grade 9 to take one EACH of a Arts Education and an Applied Design, Skills and Technologies (ADST) course. The third elective may be a Language or any other option from the list.

- Select 1 course each from ADST and Arts Education.
- Select one other course from any category.
- Select one alternate from ADSD and Arts Education.
- Write an “A” beside your alternate choices

Students who want to take academic courses above their Grade Level as an elective, understand that they can be removed from that course if there is a Grade Level student who needs that course. Example: If you pick a Math 10 course and a Grade 10 student needs a spot, you may be removed from the course and put back into another Grade 9 elective.

APPLIED DESIGN, SKILLS, AND TECHNOLOGIES	
Course Name	Code
Food Studies 9	MADFS09--S
Metalwork 9	MADM-09--S
Power and Engine Technology 9	MADPT09--S
