Grade 9 Elective List

The Ministry of Education requires students in grade 9 to take one EACH of a Arts Education and an Applied Design, Skills and Technologies (ADST) course. The third elective may be a Language or any other option from the list.

- Select 1 course each from ADST and Arts Education.
- Select one other course from any category.
- Select one alternate from ADSD and Arts Education.
- Write an “A” beside 2 alternate choices

Students who want to take academic courses above their Grade Level as an elective, understand that they can be removed from that course if there is a Grade Level student who needs that course. Example: If you pick a Math 10 course and a Grade 10 student needs a spot, you may be removed from the course and put back into another Grade 9 elective.

APPLIED DESIGN, SKILLS, AND TECHNOLOGIES
Course Name
