BRAINSTORM! In the space below list multiple skills that you have developed and would be confident to teach. These skills can be from in or out of school. (Ex: painting, guitar, sports, math, technology, etc).

Choose **one** of the skills from your ideas above. Skill: _____
Explain how you have demonstrated each of the core competencies while doing this skill.

Communication	Thinking	Personal/Social

Choose **two** of the three core competencies to include in your presentation of learning. Circle below.

Communication

Thinking

Personal/Social

Explain why you have chosen to highlight these two competencies in your presentation.

How have you grown in your core competencies over the course of this year (in and out of school)?

BRAINSTORM! How might you present your skill? What format could your presentation be in? (demonstration, slides, video, performance, etc)

Describe how you will teach this skill to a group of your peers. Remember to focus on how this skill highlights your strengths and growth in the **two** core competencies you've chosen.

What do you plan to accomplish in the next two work sessions? What materials might you need to bring to be successful?

What materials will you need to bring the day of your presentation?
